You may be wondering why the guy who plays for all the stars is available for your party?

There's a real simple answer Bobby says. "I got married and had children. While I love playing with and for the stars, my family is much more important to me than traveling around the world for months on end. I love it here in the Pacific Northwest and want to raise my children in this area. By the way, I still play for many famous stars when they come to perform in our area or I occasionally go out on short tours with them!"

Our New Year's party was beyond what we had hoped for. Bobby Medina and his awesome band kept the dance floor absolutely packed with favorite songs you just couldn't miss dancing to. The energy was so high. Our guests haven't stop raving and what was supposed to be a one time event has turned into a plan for a yearly celebration. We had booked Bobby for the following New Year's Eve within 48 hours of our events end. He and his band come to entertain in a way that spans generations and was enjoyed by all!

Bobby and his band were fantastic. They were sensitive; they were a joy; and they were fun. Their music was both listenable and danceable, which is what we all wanted for that evening.

Our annual awards banquet was a huge success largely due to you and your band. From the dinner music, with you in black tie, to the main event music, with you and the band in "Red Hot" attire. It was terrific.

Everyone who has stopped by my office this week mentioned how great the music was that evening. Thank you for everything.
